Application 02-03-039
(Filed March 21, 2002)

**ADMINISTRATIVE LAW JUDGE'S RULING
REQUIRING ADDITIONAL INFORMATION**

Upon review of the record in this proceeding, I find that some necessary information is not in the record. I plan to include the information requested below in the record. Because it is historical in nature, or merely a further explanation of calculations underlying items currently in the record, I do not believe that additional hearings or briefs are needed.

Therefore, **IT IS RULED** that:

1. Southern California Edison Company (SCE), and San Diego Gas and Electric Company shall file and serve answers to the following questions by January 22, 2003:

- What percentage of the equities held by the nuclear decommissioning trusts were assumed, in their calculations in this proceeding, to be sold each year?
- For each of the last five years, what percentage of the equities held by the nuclear decommissioning trusts were sold?

- What percentage of the fixed assets (bonds, etc.) held by the nuclear decommissioning trusts were assumed, in their calculations in this proceeding, to be sold each year?
 - For each of the last five years, what percentage of the fixed assets held by the nuclear decommissioning trusts were sold?
 - What is the low-level radioactive waste burial cost per cubic foot assumed by SCE for Palo Verde?
2. The percentage figures should be based on dollar value.
 3. The answers shall not include advocacy of any position regarding any issue in this proceeding. However, answers shall be fully explained.
 4. Any party that believes additional hearings or briefs are needed regarding the answers to the above questions shall file and serve its request for such hearings or briefs by January 28, 2003

Dated January 15, 2003, at San Francisco, California.
